ISO 22000:2018 FOOD SAFETY MANAGEMENT SYSTEMS INTRODUCTION

TRAINING COURSE

SGS ACADEMY

COURSE DESCRIPTION

Learn about the requirements of ISO 22000:2018 so that you can implement, manage and continually improve Food Safety Management performance in your organisation.

FACE TO FACE: 1 day

ELEARNING: 60 min

VILT: 8 hours

LEARNING OBJECTIVES

Upon completion of this course, learners will be able to:

- Follow a systematic approach to establish processes that will provide assurance that food or drink that is consumed in accordance with its intended use will not cause harm to your customers

- Incorporate the Plan-Do-Check-Act (PDCA) model and risk-based thinking into the management system processes so that you can address risks and make the most of any opportunities

- Create a culture where employees are encouraged to take an active role in maintaining food safety and complying with food safety legislation

- Use the Hazard Analysis & Critical Control Points (HACCP) system and guidelines to ensure that food is safe and suitable for consumption

AUDIENCE

The course is designed for:

Anyone whose role requires knowledge of the basics of ISO 22000:2018 or is responsible for managing food safety for the organisation.

PRIOR KNOWLEDGE

No prior knowledge are required for the purpose of this course.

SGS ACADEMY
